The education of a Christian prince (Records of civilization; sources and studies) Desiderius Erasmus
From back cover: Written in 1516, when Erasmus was at the height of his career and the most influential thinker of Renaissance Europe, *The Education of a Christian Prince* is the formal exposition of his political and ethical ideas. It is in this volume that Erasmus applies the ideals of Christian Humanism to the realities that a ruler must face in dealing with worldly affairs. *The Education of a Christian Prince* is the complete English translation of the *Institutio principis Christiani*. The book is dedicated to Prince Charles, the future Emperor Charles V, whose court Erasmus had just joined, and whom he here addresses on the "qualities, education, and significance of a Christian prince" - the attributes and duties of the ideal ruler. He advises the prince on the subject of tributes and taxes; on the making of laws, treaties, and marriage alliances; and on the art of avoiding war and ruling in peace.
